

## Strategic Health and Safety Leadership and Management Level **7**

### Who is this qualification for?

This qualification is for senior managers who's primary responsibility within their organisation is health, safety and welfare concerns. They will lead the development and implementation of health & safety policy and systems at a strategic level, and have a working knowledge of subjects including:

- ✓ *ISO Standards.*
- ✓ *Digital technologies and risk assessment approaches to various types of hazards and incident investigation.*
- ✓ *Global issues related to safety culture (how perceptions of safety and unsafe behaviour vary between countries).*
- ✓ *Sustainability effects on safety culture (e.g. calculating safety return on any investment, as well as the challenges, opportunities and strategic business benefits in promoting sustainable workplace health and safety).*
- ✓ *Psychological health and injury management in the workplace (e.g. how human rights of workers with mental health conditions should be protected in the workplace).*

This qualification is appropriate to learners from a variety of sectors including Energy, Oil & Gas, Retail, Corporate Business and Construction.

#### Does this qualification lead to GradIOSH?

Yes, this qualification enables candidates to apply for Graduate Membership of The Institution of Occupational Safety and Health (GradIOSH) on completion. This paves the way to Chartered Membership of IOSH (CMIOSH).

#### What is the difference between NEBOSH and the Level 7 Diploma?

NEBOSH is a qualification aimed at those who wish to gain an in-depth understanding of health and safety practice. The Level 7 Diploma is for those that already have an in-depth knowledge, are already working in a senior health and safety role and want recognition of their competence.

### How is this qualification assessed?

This qualification is assessed online with no classroom-based elements. The assessment will be primarily conducted via a series of 'professional discussions' with your assessor and involves no written work.

### How long will this take to complete?

We provide support for a period of 12 months, however a realistic timeframe for completion of a Level 7 qualification is 2-3 months given the appropriate commitment from the learner.

### What are the entry requirements?

No prior qualifications are required in order to apply for this qualification. Candidates will however need to already be experienced in leading the development and implementation of health & safety policy and systems at a strategic level. This will cover areas such as safety culture, sustainability, business risk, mental health, bullying & violence, biohazards, ecological risk, ergonomic hazards, and incident investigation.

Prior to enrolment candidates will be required to undertake a short profiling session with their assessor to confirm that the qualification is achievable.

### CERTIFIED & RECOGNISED BY

### What are the benefits of this qualification?

- ✓ Access to the Black (Manager) CSCS card \*Construction industry candidates only
- ✓ Recognised as comparable to a Masters degree (OFQUAL).
- ✓ Increased earning potential
- ✓ Access to GradIOSH membership
- ✓ Demonstrates commitment to professional development.
- ✓ Provides business benefits for potential employers.
